About the Course

This annual course is designed for dermatologists.

Sessions will cover a variety of selected topics, both clinical and surgical, plus a “what’s new” segment, all presented by nationally recognized faculty. All presentations will be clinically germane and directly applicable to patient care.

Objectives

As a result of attending this course, the participant will be able to:

- 1) discuss new and updated information about selected topics in dermatology
- 2) describe new developments in clinical and surgical dermatology
- 3) apply improved diagnostic and therapeutic skills to patient care
