7th Annual Pediatric Neurology Update Seminar

Seminar Overview

The 7th Annual Pediatric Neurology Update Seminar will offer participants a current and comprehensive evidence-based approach to contemporary medical problems faced by health care providers caring for children. The major focus of this year's seminar is newborn neurology and movement disorders in children, two areas that remain significant contributors to morbidity in our population. The field of neonatal brain monitoring is still in the developmental and research stage and this seminar will disseminate information about this very important and exciting new direction for neonatology. We will also focus on recent advances in the evaluation and emerging therapeutic modalities in the management of two common pediatric neurological problems: chronic daily headaches and spasticity in children.

The seminar features an outstanding panel of speakers who will offer participants a state-of-the-art perspective in scientific inquiry and clinical practice relevant to the evaluation and management of common pediatric neurological problems.

We once again look forward to having you take part in what promises to be an exciting and dynamic conversation.

Manikum Moodley, MD, FRCP

Neil Friedman, MBChB

Target Audience

The seminar is designed for physicians and other health care professionals in the areas of pediatrics, developmental pediatrics, pediatric neurology, neurology, family medicine and neuroscience.

Seminar Objectives

Upon completion of this activity, the participant will be able to:

- Describe recent advances in the evaluation and management of neonatal seizures.
- Discuss modern techniques for monitoring neonatal brain function.
- Describe the current state of knowledge in the evaluation and management of common movement disorders in children.
- Describe recent advances in the diagnosis and emerging therapeutic modalities in the management of chronic daily headaches in children and adolescents.
- Discuss recent advances in the medical management of spasticity in children.
- Discuss current approaches to the recognition and management of Tourette Syndrome and its comorbidities.

Schedule of Events

Friday, September 25, 2009

7:30 - 8:15 a.m. **Registration and Continental Breakfast**
Lander Ballroom

8:15 - 8:30 a.m. **Welcome – Cabaret Room**
Dr. Robert Wyllie

SESSION I

Moderator: *Dr. Gerald Erenberg*

8:30 - 9:30 a.m. **Ten Most Commonly Asked Questions about
Tourette Syndrome**
Dr. Harvey Singer

9:30 - 10:00 a.m. **Recent Advances in the Medical Management
of Spasticity in Children**
Dr. Debabrata Ghosh

10:00 - 10:20 a.m. Morning Break/Exhibits

10:20 - 11:20 a.m. **Newborn Heart Surgery is a Model to Conduct
Neuroprotection Trials**
Dr. Robert Clancy

11:20 - 11:50 a.m. **Question and Answer Session**
Drs. Singer, Ghosh and Clancy

11:50 - 1:00 p.m. Lunch – Room on the Green

SESSION II

Moderator: *Dr. Elaine Wyllie*

1:00 - 2:00 p.m. **Update on the Evaluation and Treatment of
Neonatal Seizures**
Dr. Robert Clancy

2:00 - 2:30 p.m. **Recent Advances in the Diagnosis and
Management of Chronic Daily Headaches
in Children**
Dr. David Rothner

2:30 - 2:50 p.m. Afternoon Break/Exhibits

2:50 - 3:50 p.m. **A Clinical Approach to Movement Disorders
in Children**
Dr. Harvey Singer

3:50 - 4:20 p.m. **Question and Answer Session**
Drs. Clancy, Rothner and Singer

Children's Hospital

Cleveland Clinic

The Cleveland Clinic Children's Hospital is backed by the full resources of the Cleveland Clinic, and offers full medical, surgical and rehabilitative care for infants, children and adolescents. More than 200 pediatric physicians accommodate 500,000 patient visits annually at our Main Campus, Shaker Campus, community hospitals and family health centers. More than 80 pediatric physicians were recognized as being among the "Best Doctors in America," and in 2008 Cleveland Clinic Children's Hospital was ranked among the "Best Children's Hospitals" in five of seven specialties by *U.S. News and World Report*. Our pediatric neurology and neurosurgery program ranked as the best in Ohio and among the top 4 in the United States.

The multidisciplinary Neurological Institute includes more than 250 medical, surgical and research specialists dedicated to the diagnosis and treatment of adult and pediatric patients with neurological and psychiatric disorders. Our world-renowned pediatric neurology and neurosurgery staff oversee more than 10,000 patient visits for an array of neurological disorders.

As two of 26 institutes at Cleveland Clinic that group multiple specialties together to provide patient-centered care, the Pediatric and Neurological Institutes collaborate closely for care of children with neurological disorders.

Parking

Self parking is available at no charge.

Registration and Cancellation

Register at www.ccfme.org/PedNeuro09. Registration deadline is **5:00 pm (EST) Wednesday, September 23, 2009**. A request for a refund must be received in writing by September 11, 2009. No refunds will be given after September 11, but registration is transferable for this course through September 25, 2009. A \$50 cancellation fee will be deducted from the refund for all cancellations.

Please Note: If you register online, you will receive an immediate registration confirmation notice indicating that payment was processed. For registration questions or to check on the status of a faxed or mailed registration, please call 216-448-0777.

Accreditation

The Cleveland Clinic Foundation Center for Continuing Education is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Cleveland Clinic Foundation Center for Continuing Education designates this educational activity for a maximum of 6.25 *AMA PRA Category 1 Credits*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Participants claiming CME credit from this activity may submit the credit hours to the American Osteopathic Association Council on Continuing Medical Education for Category 2 credit.

Application for CME credit has been filed with the American Academy of Family Physicians. Determination of credit is pending.

Faculty Disclosure Statement

The Cleveland Clinic Foundation Center for Continuing Education has implemented a policy to comply with the current Accreditation Council for Continuing Medical Education Standards for Commercial Support requiring resolution of all faculty conflicts of interest. Faculty declaring a relevant commercial interest will be identified in the activity syllabus.

Americans with Disabilities Act

The Cleveland Clinic Foundation Center for Continuing Education fully intends to comply with the legal requirements of the Americans with Disabilities Act. If you need assistance, please notify Brigid Ring at 216-445-0754 at least two weeks prior to the activity.

Information

For further information about this activity, contact Brigid Ring at 216-445-0754, 800-223-2273 x50754 or ringb@ccf.org

Registration Form
