

New Era International Multidisciplinary Sharing (NEIMS): A Focus on Acute Ischemic Stroke Las Vegas 2010

Official language: English

October 1-3, 2010
Wynn Las Vegas
Las Vegas, NV, USA

Joint Sponsors:

Beijing Tiantan Hospital
Capital Medical University (CMU), Beijing, China

Cleveland Clinic Cerebrovascular Center
Cleveland, Ohio, USA

Target Audience:

Neurosurgeons, Interventional Neuroradiologists,
Vascular Neurologists, Emergency Physicians,
Critical Care Physicians and other healthcare professionals
interested in the care of the stroke patient.

Cleveland Clinic Lou Ruvo Center for Brain Health – Las Vegas

Overview

Treatments of diseases of the vascular supply of the brain and spinal cord are undergoing rapid evolution. This international conference is designed to provide a venue where physicians of different disciplines and from different continents will be able to share their experiences and treatment approaches with one another.

Target Audience

Neurosurgeons, Interventional Neuroradiologists, Vascular Neurologists, Emergency Physicians, Critical Care Physicians and other healthcare professionals interested in the care of the stroke patient.

Learning Objectives

Upon completion of this activity, the participant will be able to:

1. Diagnose and differentiate diseases affecting the vascular system superior to the aortic arch.
2. Discuss treatment options and relative advantages and disadvantages of different treatment modalities for:
 - a. Intracranial Stenoses
 - b. Carotid Stenoses
 - c. Lesions predisposed to causing hemorrhagic stroke such as aneurysms, arteriovenous malformations and dural shunts.
3. Compare and contrast diagnostic imaging techniques related to the diagnoses of the aforementioned disease processes.
4. Recognize differences in patient populations and available treatment strategies in the East and West.
