OVERVIEW
The Cleveland Clinic Center for Continuing Education, the Endocrinology and Metabolism Institute and the American Association of Clinical Endocrinologists presents the 15th Annual Endocrinology & Metabolism Board Review. This educational activity will provide an intensive review of endocrinology and metabolism in order to prepare participants for the endocrine board certification examination.

TARGET AUDIENCE
Directed to practicing endocrinologists and other physicians with an interest in endocrinology, metabolism, and diabetes.

LEARNING OBJECTIVES
After completing this educational activity, the participant will be able to do the following:
• Describe diabetes control and complications;
• Interpret tests to evaluate hypo- and hyperadrenalism and apply the results to endocrine hypertension;
• Analyze thyroid tests and apply results to thyroid disorders;
• Review evaluation and treatment of osteoporosis and calcium disorders;
• Appraise patients with hypogonadism and pituitary disorders;
• Diagnose important pediatric endocrine disorders;
• Evaluate endocrine disorders during pregnancy;
• Identify genetic disorders in endocrinology;
• Discuss the indications and consequences of new interventional therapeutic procedures;
• Undertake board simulation question and answers.
