About the Course

This regional symposium will focus on providing an in-depth and up-to-date review of the detection and management of breast cancer.

Internal Medicine, Family Medicine, General Practice, Oncologists, Nurses, Nurse Practitioners, Physician Assistants and Residents/Fellows with an interest in the management of patients with breast cancer should attend this course.

Learning Objectives

As a result of attending the course, the participant will be able to:

- Describe the benefits of hormonal therapy and management strategies available to help women maintain their adherence to the medication.
- Discuss the latest data on management of breast pain and when to refer out to a specialist.
- Evaluate nipple discharge to differentiate between benign and malignant characteristics that need further evaluation.
- Identify causes of a delay in the diagnosis in breast cancer.
- Identify options to manage chemotherapy induced neuropathy.
- Identify patients at risk for lymphedema and help them be aware of options available for prevention today.
- Identify the aspects of integrative medicine that help improve the quality of life for the breast cancer patient.

Program Location

Embassy Suites Hotel
5800 Rockside Woods Blvd.
Independence, Ohio 44131
Phone: 216.986.9900

Accreditation

The Cleveland Clinic Foundation Center for Continuing Education is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Cleveland Clinic Foundation Center for Continuing Education designates this live activity for a maximum of 6.5 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Participants claiming CME credit from this activity may submit the credit hours to the American Osteopathic Association for Category 2 credit.

The Ohio Board of Nursing will accept at face value the number of contact hours awarded for an educational activity that has been approved for CE by a nationally accredited system of CE approval.

Nurses are able to obtain CE that has been approved or provided by a nationally recognized accreditation system of continuing education.

Examples include:

- The American Nurses Credentialing Center (ANCC)
- The Accreditation Council for Continuing Medical Education (ACCME)
- The International Association for Continuing Education and Training (IACET)
