Recognize methods to identify complications of blocks
Recognize and describe the sonoanatomy in normal patients
• Practice spine (neuraxial) imaging with ultrasound
• Block success rate and patient satisfaction
• Employ ultrasound guided regional anesthesia skills to improve
Discuss and practice needle insertion techniques for ultrasound
Detect critical structures that need to be avoided to improve
• Describe and discuss the principles of ultrasound anesthesia blocks.

After participating in the workshop, the participant will be able to:

Learning Objectives

Physician/Fellow/Resident Anesthesiologists

Target Audience

This course is designed for Anesthesiologists who are seeking to advance their skills in ultrasound guided regional anesthesia. This course will include lectures, hands on workshops on fresh frozen human cadavers and live models. This course is a one day learning opportunity for anesthesia providers with strong emphasis on small group learning and real time hands on practice of regional anesthesia blocks.

Overview

Hari Kalagara, MD

Cleveland Clinic Course Directors

2 credit.

The Cleveland Clinic Foundation Center for Continuing Education is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Cleveland Clinic Foundation Center for Continuing Education designates this live activity for a maximum of 9.50 Category 1 Credits. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Participants claiming CME credit from this activity may submit the activity syllabus.

6th Annual
Cadaver Regional Anesthesia Ultrasound and PoCUS Workshop

7:00 am Ultrasound physics
8:00 am Lower limb blocks
8:30 am Spine, Paravertebral & Lumbar plexus blocks
9:00 am  Quadratus lumborum & Truncal blocks
9:30 am PEC blocks, Scanning of lungs & diaphragm
10:00 am   Break
7:30 am Upper limb blocks
6:30 pm Adjourn
Join us at Cleveland Clinic 6th Annual Cadaver Regional Anesthesia Ultrasound and PoCUS Workshop.

Overview:
This course is designed for Anesthesiologists who are seeking to advance their skills in ultrasound guided regional anesthesia. This course includes lectures, hands on workshops on fresh frozen human cadavers and live models. This course is a great learning opportunity for anesthesia providers with strong emphasis on small group learning and real time hands on practice of regional anesthesia blocks. The PoCUS (point of care ultrasound) workshop for the Anesthesiologist is designed to introduce the use of ultrasound for emergency cardiac evaluation, pulmonary, gastric and airway evaluation at bedside.

Learning Objectives:
After participating in the workshop, the participant will be able to:
• Recognize and describe the sonoanatomy of vessels, peripheral nerves, tendons and nerve plexi.
• Describe and discuss the techniques to refine and improve the quality of the ultrasound image obtained.
• Practice needle insertion techniques; identify the block needle trajectory and the spread of local anesthetic.
• Practice the ultrasound guided regional anesthesia blocks real-time on cadavers.
• Employ ultrasound guided regional anesthesia skills to improve block success rate.
• Detect critical structures that need to be avoided to improve patient safety in regional anesthesia.
• Scanning and identification of diaphragm, pleura, gastric volumes and basic transthoracic cardiac views.

Who Should Attend?
Physician Anesthesiologists, Fellows and Residents in Anesthesiology & Critical Care.

2018 Course Faculty
A five-minute question and answer period is included in each speaker’s allotted time.

General Information

Location
Cleveland Clinic Main Campus
Lerner Research Institute
9620 Carnegie Ave.
Cleveland, OH 44195

Hotel Accommodations
A block of rooms has been reserved at the Intercontinental Hotel, Cleveland Clinic.
9801 Carnegie Avenue, Cleveland, OH 44106. The Hotel is within the Cleveland Clinic Main Campus and connected internally to the workshop location.

To make your reservations, please call 216.707.4100 or 877.707.8999 and identify yourself as an attendee for the Cleveland Clinic Cadaver Regional Anesthesia Workshop for discounted rate of $119.00 plus tax.

Other recommended hotels within walking distance are Holiday Inn: Cleveland Clinic 8650 Euclid Avenue, Cleveland, Ohio 44106 and Intercontinental Suites Hotel, 8800 Euclid Ave, Cleveland, OH 44106

Parking
Parking is available in the 100th street visitors parking garage at prevailing rates. Valet parking at the hotel is available for an additional charge.

Accreditation
The Cleveland Clinic Foundation Center for Continuing Education is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.
The Cleveland Clinic Foundation Center for Continuing Education designates this live activity for a maximum of 14.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
Participants claiming CME credit from this activity may submit the credit hours to the American Osteopathic Association for Category 2 credit.

Faculty Disclosure Statement
The Cleveland Clinic Foundation Center for Continuing Education has implemented a policy to comply with the current Accreditation Council for Continuing Medical Education Standards for Commercial Support requiring resolution of all faculty conflicts of interest. Faculty declaring a relevant commercial interest will be identified in the activity syllabus.

Americans with Disabilities Act
The Cleveland Clinic Foundation Center for Continuing Education fully intends to comply with the legal requirements of the Americans with Disabilities Act. If you need assistance, please notify Megan Anderson at 216.299.3348 or Andersm13@ccf.org at least two weeks prior to the activity.

Register Online at ccfcme.org/cadaver-workshop

Fee includes: Fee include attendance to Lectures, Workshops, Continental breakfast, refreshment breaks, Lunch, printed syllabus, USB with faculty PowerPoint presentations in PDF format.
