Dear 2026 Exhibitor,

We are very excited to invite you to participate in the **2nd Annual Cleveland Clinic Cancer Conference: Innovations in Multidisciplinary Care** program, taking place at the Margaritaville Hollywood Beach Resort, in Hollywood, Florida, January 16 – 18, 2026.

This conference will provide disease specific, evidence-based, high-quality practical talks and exchanges to update the participants on the latest advances in the diagnosis and multidisciplinary management of the most prevalent cancers at all stages of disease and treatment.

The conference will cater to medical oncologists, hematologists, radiation oncologists, and other healthcare professionals involved in the diagnosis, prevention and treatment of cancer. Current, new and future advances in cancer care will be discussed. The role of emerging technologies, supportive care and non-pharmacologic care of the cancer patient will be addressed. In addition to didactic lectures, case-based discussions will address the more challenging situations faced by cancer caregivers.

This activity is targeted to a national and international audience of practitioners and health care professionals, and is designed for physicians, fellows, residents, pharmacists, researchers, advance practice providers and nurses in the fields of medical, surgical and radiation oncology; palliative care; pathology; and pharmacology. We expect approximately 150 attendees for this program.

Sincerely,

Alex A. Adjei, MD, PhD, FACP

Activity Director

Chairman, Cleveland Clinic Cancer Institute
M. Frank Rudy & Margaret D. Rudy Distinguished
Chair in Translational Cancer Research
