Celebrating 30 Years of Heart Transplantation in Cleveland (1984-2014)
The Kaufman Center for Heart Failure at Cleveland Clinic and the American Association for Thoracic Surgery present 21st Century Treatment of Heart Failure: Synchronizing Surgical and Medical Therapies for Better Outcomes, an educational event for all health care providers who care for patients with heart failure.

Despite significant advances in heart failure management, including pharmacotherapy and devices, and extensive collaborative efforts among professional societies to disseminate evidence-based practice guidelines for management of chronic heart failure, morbidity and mortality remain high. More than one-third of patients with heart failure are re-hospitalized within weeks of hospital discharge. As our population ages, the number of patients afflicted with this disease and economic burden will grow.

Now in its 16th year, the Summit will feature a faculty of world-renowned cardiologists and cardiovascular surgeons who will offer a clinically relevant review and discussion of current and future therapies for managing heart failure.

Focused sessions include optimization of medical therapy, management of acute decompensated heart failure, decision making with short- and long-term mechanical circulatory support, cardiac transplant, and critical updates and refining outcomes in the setting of destination therapy.

WHO SHOULD ATTEND
This program is intended for cardiologists, cardiovascular surgeons, internists, nurses, nurse practitioners, physician assistants, perfusionists, and researchers involved in the medical and surgical management of patients with heart failure.
OBJECTIVES

As a result of attending this Summit, you will be able to do the following:

• Summarize the 30-year history of innovations in medical and surgical management strategies and assess their impact on morbidity, mortality, and readmission rates
• Utilize risk stratification tools to guide management strategies and ICD utilization for improving heart failure outcomes and lowering readmission rates
• Transform performance measures into better care for heart failure patients
• Define the specific population of heart failure patients who may benefit from catheter-based valve technologies
• Assess thromboembolic and bleeding risks in patients with heart failure and atrial fibrillation; prescribe antithrombotic therapy accordingly
• Evaluate current risk-stratifications and treatment strategies for patients presenting with acute heart failure
• Summarize future directions for innovations in MCS devices
• List the occurrence, risk, and outcomes of pump thrombosis
• Describe strategies to manage pump thrombosis
• Summarize the effect of health care reform on cost issues for patients with HF

ABSTRACT SUBMISSION

The Heart Failure Summit invites you to submit abstracts of original investigation for consideration in the Poster Session on Thursday, October 16 from 5:00 - 6:30 pm.

Abstracts previously presented at other national or international meetings will be accepted. Accepted abstracts will be printed in the syllabus. The deadline for submission is September 26, 2014.

Submission Instructions

Abstracts must be submitted via e-mail to keeneyk@ccf.org. The one-page abstract should be submitted as a Microsoft Word attachment using no smaller than an 11 point font size. There is no limit to the number of abstracts a presenter can submit.

Style Instructions

• Figures, graphs, and simple tables are allowed
• Use of standard abbreviations is desirable; place unusual abbreviations in parentheses after first use of the full term

Poster Presentations

Your acceptance notice will indicate your poster assignment number. Each poster board measures 4 feet high (121cm) and 6 feet wide (138cm); you must provide a copy of the abstract, typed in large type for posting on the board. Illustrations must be readable from distances of at least three feet. Use lightweight poster board only; heavy board is difficult to secure. Push pins will be available on site.

GENERAL INFORMATION

Location
InterContinental Hotel and Bank of America Conference Center
9801 Carnegie Avenue
Cleveland, OH 44106
Phone: 216.707.4100 or 877.707.8999

Hotel Accommodations
A block of rooms has been reserved at the InterContinental Hotel until September 14, 2014. To make your reservations, contact the Hotel Reservations Department at 877.707.8999. Please identify yourself as being with the Cleveland Clinic Heart Failure Summit (registration code BUL) for a special rate of $199 plus tax. The hotel and conference center is located on the campus of the Cleveland Clinic.

Ground Transportation
Taxi service is available from Cleveland Hopkins International Airport to the InterContinental Hotel and Bank of America Conference Center.

Information
For further information about this Summit, contact the Cleveland Clinic Center for Continuing Education at:
Local: 216.448.0770
Toll Free: 800.238.6750
Web Address: cfcme.org/heartfailure

Parking
Parking is available in the East 100th St./Carnegie Ave. Visitors’ Parking Garage at prevailing rates. Valet parking is available at the hotel for an additional charge.
Registration and Cancellation
Preregistrations are accepted until 2:00 pm ET October 15, 2014. Register on site after this date. In case of cancellation, a full refund will be made if canceled by October 6, 2014. After October 6, 2014, a $50 cancellation fee will be deducted from your refund. Written notification of your cancellation is required to process your refund. NO REFUNDS WILL BE ISSUED AFTER October 31, 2014.

For questions about registration, call 216.448.0777 or email us at cmeregistration@ccf.org.

Grantor and Exhibiting Opportunities
For more information on grantor and exhibitor opportunities, please contact Nancy Janis at 216.448.0910 or janisn@ccf.org.

Accreditation
The Cleveland Clinic Foundation Center for Continuing Education is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Cleveland Clinic Foundation Center for Continuing Education designates this live activity for a maximum of 12.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Participants claiming CME credit from this activity may submit the credit hours to the American Osteopathic Association for Category 2 credit.

The American Board of Cardiovascular Perfusion has allotted for the following Category 1 CEUs:

- Thursday, October 16, 2014    7.6 CEUs
- Friday, October 17, 2014    7.7 CEUs
- Total Possible    15.3 CEUs

The Ohio Board of Nursing will accept at face value the number of contact hours awarded for an educational activity that has been approved for CE by a nationally accredited system of CE approval. Therefore, the 12.75 AMA PRA Category 1 Credits™ will be accepted for nursing credits.
GENERAL INFORMATION

Faculty Disclosure
The Cleveland Clinic Foundation Center for Continuing Education has implemented a policy to comply with the current Accreditation Council for Continuing Medical Education Standards for Commercial Support requiring resolution of all faculty conflicts of interest. Faculty declaring a relevant commercial interest will be identified in the activity syllabus.

Americans with Disabilities Act
The Cleveland Clinic Foundation Center for Continuing Education fully intends to comply with the legal requirements of the Americans with Disabilities Act. If you need assistance, please notify us at least two weeks prior to the activity.

Study References
Included with your full registration is a complimentary mobile App available for download on tablets and smartphones, incorporating PowerPoint slides with note-taking and highlighting ability. Take notes at the Summit and continue reviewing when you get home.

Faculty presentations will also be available online in PDF format on a password protected website. You will have access prior to the Summit to allow you to download or print the slides.

Recording or reproducing of this Summit in any format is prohibited.

Free App for all attendees!
Access presentations anytime, anywhere. Take notes, draw, or highlight.
