Attend this Summit and you will be able to:

• Define the role of guided and navigational bronchoscopic technologies as described in the current guidelines for diagnosing peripheral lung lesions;
• Explore the barriers for adequate specimen acquisition and preparation;
• Define the clinical use of electromagnetic navigation bronchoscopy as a platform for novel therapeutic modalities;
• Identify and address opportunities for clinical practice development in the evaluation of peripheral lung lesions.

Featuring CME Symposia on:

• The Detected Pulmonary Nodule
• Novel Invasive Therapeutics for Lung Cancer
• Targeted Diagnostics of Lung Lesions

This activity has been approved for AMA PRA Category 1 Credit™.

Agenda coming soon!
Sign up to receive email updates at ccfcme.org/GoNavBronch
