

Navigating IgA Nephropathy: Pathogenesis, the Role of APRIL and the 4-Hit Process, and a Patient Case Study

Objectives

- 1 Recognize the disease burden and the risk of progression in IgAN
- 2 Understand the 4-hit process in IgAN pathogenesis
- 3 Review the role of APRIL in the 4-hit process

Presenter

Andrew Bomback, MD, MPH

Associate Professor of Medicine
Co-Director, David Koch Jr. Glomerular Kidney Center
Columbia University Irving Medical Center

Symposium Logistics

Date and Time

April 24 | 11:55 - 1:00 PM ET

Location

Founders Ballroom A & B
InterContinental Hotel and Convention Center
Cleveland, OH
