# Understanding the Role of APRIL in the Pathogenesis of IgA Nephropathy

Cleveland Clinic Nephrology Update 2024 Industry-Sponsored Symposium

## LEARN ABOUT

- 1 IgAN and the four-hit pathogenesis hypothesis
- 2 B-cell biology and the physiologic role of APRIL
- 3 Scientific evidence supporting the role of APRIL in IgAN pathogenesis

## SYMPOSIUM LOGISTICS

### DATE AND TIME

April 20 | 12:10 PM - 12:50 PM

### LOCATION

Founders' Ballroom

This program/event is developed and offered by Otsuka  
Pharmaceutical Development & Commercialization, Inc.  
This is not an official program/event of the Cleveland Clinic.

## PRESENTER

### Kenar D. Jhaveri, MD

Professor of Medicine, Associate Chief - Nephrology  
Director, The Glomerular Disease Center at Northwell Health  
Co-Director, Onconeurology Services  
Donald and Barbara Zucker School of Medicine at Hofstra/Northwell

APRIL, a proliferation-inducing ligand; IgAN, IgA nephropathy.  
This program is paid for by Otsuka Pharmaceutical Development & Commercialization, Inc.
