**June 17** | Paving the Way to Care for Caregivers

**June 18** | Paving the Way to Care for the Community

**June 19** | Paving the Way to Care for the Organization

Cleveland Clinic established this one-of-a-kind healthcare forum to explore the evolving social dynamics shaping patient care, caregiving and clinical workspaces. Engage with industry experts in meaningful discussions and get essential takeaways on managing societal factors that influence healthcare delivery beyond physical care and disease management.

S.H.I.E.L.D.<sup>®</sup> (Safety in Healthcare Through Information, Education and Learning Development) 2025 will focus on safety, emergency preparedness, care equity, mental well-being, social health determinants and more.
