

# Cleveland Clinic Symposium on Trigeminal Neuralgia

Friday, September 27, 2024  
7:45 a.m. to 1 p.m.

Virtual  
Event

## Overview

Cleveland Clinic Trigeminal Neuralgia and Facial Pain specialists from neurology, neurosurgery, pain management, and integrative medicine will present a CME-accredited virtual half day symposium dedicated to comprehensive multi-disciplinary evaluation and management of trigeminal neuralgia and facial pain. Lectures will be supplemented with Q&A and panel discussions.

## Who Should Attend?

This educational activity is intended for neurosurgeons, neurologists, pain management specialists, cranio-maxillofacial surgeons, family practitioners, physician assistants, nurse practitioners, nurses and patient advocates that are interested in multidisciplinary state-of-the-art management of trigeminal neuralgia.

## Learning Objectives

After completing this activity, the participant will be able to do the following:

- Evaluate a patient with facial pain and diagnose the appropriate facial pain syndrome
- Recognize secondary causes of facial pain and identify appropriate diagnostic studies that are needed
- Describe the medical management options available for treating facial pain and trigeminal neuralgia
- Identify the types of procedural and surgical options available to treat facial pain
- Describe Eagle Syndrome and its relation to facial pain
